O & M Services

People to Projects

Operation & Maintenance

UBSCO-PPMS has a dedicated team of 15 process engineers in Paris/France. UBSCO-PPMS can provide :

- ✓ Writing and editing of Operating Manuals (paper and electronic versions)
- ✓ Recruitment & training of O&M operators
- ✓ Competency assessment questionnaires related to your own plant (paper or web based).
- ✓ Full fledge examination sessions with immediate evaluation.

People to Projects

Why UBSCO-PPMS is different?

- ① **We have our own sourcing offices** in France, India, Malaysia and Congo
- ② **We have our own software tools** to identify and follow-up the relevant candidates
- ③ **We have our own process engineers** to produce procedures and technical documentation
- ④ **We have our own software tools** to assess competency of operators and technicians
- ⑤ **We are committed to a fast and accurate answering** to Client's request

Our Commitment: relevancy

People to Projects

We present **relevant** candidates only

→ Relevant with respect to the job description

**All Candidates are vetted:
Technically
And for their interacting skills**

→ Relevant with respect to the project constraints

A written commitment on financial and logistic package is obtained from the candidate prior to presentation
